WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

LEGO® Builder

MEET THE FAN DESIGNER

Fuma Terai (LEGO® Ideas name Terauma) is a graphic designer and soft vinyl figure artist from Tokyo, Japan. With his Gizmo submission to the *If We Could Turn Back Time* Challenge on the LEGO Ideas platform, he struck the perfect balance between 1980s movie nostalgia and LEGO building fun:

"Ever since I got my first used LEGO bricks at three years old, it's been a fun hobby for me, and I enjoy both building and displaying sets and meeting with other LEGO fans. It satisfies my imagination and improves my understanding of color and creativity. I love LEGO colors that make me feel the excitement of my childhood again, like the LEGO Castle and Space themes from the 80s and 90s. For this challenge, the theme was straightforward. Gremlins *(1984) is a movie I watched with my family when I was little, and it's still one of my favorite movies. I love Gizmo! I wanted to make sure my model captured his rounded body and fluffy fur, so I used curved and textured parts. I love that it can be moved to create different poses. I was very surprised when I found out that it would be turned into an official set! It's a dream come true. I want to tell my childhood self about this! Thanks to everyone who supported the idea! And if you dream of becoming a LEGO designer – do it! Build what you love. And challenge yourself again and again!"*

RENCONTRE AVEC LE CONCEPTEUR AMATEUR

Fuma Terai (pseudonyme LEGO® Ideas : Terauma) est un graphiste et un artiste de figurines en vinyle souple de Tokyo, au Japon. Avec son modèle de Gizmo proposé dans le cadre du défi *If We Could Turn Back Time* (« Si nous pouvions remonter le temps ») sur la plateforme LEGO Ideas, il a trouvé l'équilibre parfait entre la nostalgie des films des années 1980 et le plaisir de la construction LEGO :

« Depuis que j'ai reçu mes premières briques LEGO à l'âge de trois ans, la construction est un passe-temps amusant pour moi, et j'aime à la fois construire et exposer des ensembles, et rencontrer d'autres amateurs de LEGO. Cela satisfait mon imagination et améliore ma compréhension des couleurs et de la créativité. J'aime les couleurs LEGO qui me font retrouver les joies de mon enfance, comme les thèmes LEGO Castle et Space des années 80 et 90. Pour ce défi, le thème était simple. Gremlins *(1984) est un film que j'ai regardé avec ma famille quand j'étais petit, et c'est toujours l'un de mes films préférés. J'adore Gizmo! Je voulais m'assurer que mon modèle représente bien son corps arrondi et sa fourrure duveteuse, et j'ai donc utilisé des pièces arrondies et texturées. J'adore le fait qu'il puisse être manipulé pour créer différentes poses. J'ai été très surpris quand j'ai découvert qu'il serait transformé en ensemble officiel! Un rêve est devenu réalité. J'ai envie d'en parler au moi de mon enfance! Merci à tous ceux qui ont soutenu l'idée! Et si vous rêvez de devenir un concepteur LEGO, foncez! Construisez ce que vous aimez. Et lancez-vous des défis encore et encore! »*

CONOCE AL FAN DISEÑADOR

Fuma Terai (conocido en LEGO® Ideas como Terauma) es un diseñador gráfico y artista de figuras de vinilo blando que vive en Tokio (Japón). En su propuesta de Gizmo para el desafío *If We Could Turn Back Time* de la plataforma LEGO Ideas, encontró el equilibrio perfecto entre la nostalgia por las películas de los 80 y la diversión de construir con LEGO:

"Desde que recibí mis primeros bricks LEGO usados a los tres años, he disfrutado mucho construyendo y exhibiendo sets, y reuniéndome con otros fans de LEGO. Es algo que satisface mi imaginación y mejora mi comprensión del color y la creatividad. Me encantan los colores de los bricks LEGO, porque me hacen volver a sentir la emoción que me provocaban los sets espaciales y el tema LEGO Castle en mi infancia, allá por los años 80 y 90. Para este desafío, la temática era muy sencilla. Recuerdo haber visto Gremlins *(1984) con mi familia cuando era pequeño, y sigue siendo una de mis cintas favoritas. ¡Me encanta Gizmo! Quería asegurarme de que mi modelo plasmara las líneas de su cuerpo y su pelaje esponjoso, así que usé partes curvadas y con textura. Me encanta que se pueda mover para crear diferentes poses. ¡Me sorprendí enormemente cuando me enteré de que se convertiría en un set oficial! Es un sueño hecho realidad. ¡Quisiera contárselo al niño que fui! Agradezco a todos los que apoyaron la idea. No olviden que, si quieren convertirse en diseñadores de LEGO, ¡pueden hacerlo! Construyan lo que aman. Y desafíense a sí mismos una y otra vez".*

"THERE ARE THREE RULES..."

« IL Y A TROIS RÈGLES... »

"HAY TRES REGLAS..."

NOBODY'S GOT A STORY LIKE THIS ONE

Few movie creatures are as beloved and universally recognizable as Gizmo, the adorable little Mogwai from *Gremlins* (1984). Members of this mysterious species replicate when they get wet, mutate into gremlins when they eat after midnight and are critically vulnerable to sunlight. Not the easiest 'pet' to keep in a busy family! But Gizmo's big eyes and tiny paws, paired with his innocence, resourcefulness and charming mischief made him an instant icon of 1980s cinema.

There may be a gremlin in your house

With Mogwai comes great responsibility, but compared to the movie character, your LEGO® Gizmo requires a little less maintenance. And hopefully, he still gives you all the feels! During your building process (in bag number 4), you can choose between two different cute poses for your Gizmo. He can stand up or sit down, whichever makes him feel comfortable in your home. If you change your mind later, you can always go back and rebuild.

PERSONNE N'A UNE HISTOIRE COMME CELLE-CI

Peu de créatures cinématographiques sont aussi aimées et universellement reconnaissables que Gizmo, l'adorable petit Mogwai de *Gremlins* (1984). Les membres de cette espèce mystérieuse se reproduisent lorsqu'ils sont mouillés, se transforment en gremlins lorsqu'ils mangent après minuit et sont extrêmement vulnérables à la lumière du soleil. Ce n'est pas l'animal de compagnie le plus facile à garder dans une famille occupée! Mais les grands yeux et les petites pattes de Gizmo, combinés à son innocence, sa débrouillardise et sa charmante espièglerie en ont fait une icône instantanée du cinéma des années 1980.

Il y a peut-être un gremlin dans votre maison

Avec un Mogwai viennent de grandes responsabilités, mais comparé au personnage du film, votre Gizmo LEGO® nécessite un peu moins d'attention. Nous espérons qu'il vous procurera néanmoins la même joie! Au cours de votre processus de construction, vous pouvez choisir entre deux poses mignonnes pour votre Gizmo (dans le sachet numéro 4). Il peut se tenir debout ou s'asseoir, comme il se sent le plus à l'aise dans votre maison. Si vous changez d'avis plus tard, vous pouvez toujours le reconstruire.

NADIE TIENE UNA HISTORIA COMO ESTA

Pocas criaturas del cine son tan queridas y universalmente reconocibles como Gizmo, el pequeño y adorable Mogwai de *Gremlins* (1984). Los miembros de esta misteriosa especie se replican cuando se mojan, mutan para convertirse en gremlins cuando comen después de la media noche y son críticamente vulnerables a la luz solar. ¡No son las *mascotas* más fáciles de mantener para una familia ocupada! Pero los grandes ojos y las pequeñas patas de Gizmo, junto con su inocencia, ingenio y encantadoras travesuras, lo convirtieron en un ícono instantáneo del cine de los 80.

Podría haber un gremlin en tu casa

Con el Mogwai vienen muchas responsabilidades, pero, comparado con el personaje de la película, tu Gizmo LEGO® requiere un poco menos de mantenimiento. Y, con suerte, ¡te seguirá inspirando las mismas sensaciones! Durante el proceso de construcción (en la bolsa número 4, para ser precisos), puedes elegir entre dos lindas poses para tu Gizmo. Puedes ponerlo de pie o sentado, lo que lo haga sentirse más cómodo en tu casa. Si después cambias de opinión, siempre puedes volver atrás y reconstruirlo.

FROM THE LEGO® IDEAS DESIGN TEAM

One of the more challenging aspects was designing the options for standing and sitting poses, as well as creating a range of articulation options that really reflect Gizmo's cute personality. His arms and fingers are posable, and the wrists pivot inwards. His head rotates left and right, his ears can be raised and lowered, and if you build him standing, his legs can be rotated slightly. Plus, no LEGO® Ideas set is complete without a few surprises! A 1x1 pink pyramid element built into Gizmo's chest (where we imagine his heart would be) is in honor of Fuma's daughter who loves transparent LEGO elements. We also included brick-built 3D glasses and a 'splash' of water you can attach to the back of the model.
And now, we believe you are ready.

UN MOT DE L'ÉQUIPE DE CONCEPTION LEGO® IDEAS

L'un des aspects les plus difficiles a été de concevoir les options pour les poses debout et assise, ainsi que de créer une gamme d'options d'articulation qui reflètent vraiment la personnalité mignonne de Gizmo. Ses bras et ses doigts sont mobiles et ses poignets pivotent vers l'intérieur. Sa tête pivote à gauche et à droite, ses oreilles peuvent être relevées et abaissées, et si vous le construisez debout, ses jambes peuvent être légèrement tournées. De plus, aucun ensemble LEGO® Ideas n'est complet sans quelques surprises! Un élément pyramidal rose 1x1 est intégré dans la poitrine de Gizmo (à l'endroit où nous imaginons que se trouve son cœur) en l'honneur de la fille de Fuma qui adore les éléments LEGO transparents. Nous avons également inclus des lunettes 3D fabriquées en briques et une « éclaboussure » d'eau que vous pouvez fixer à l'arrière du modèle.
Et maintenant, nous pensons que vous êtes prêt.

IMPRESIONES DEL EQUIPO DE DISEÑO DE LEGO® IDEAS

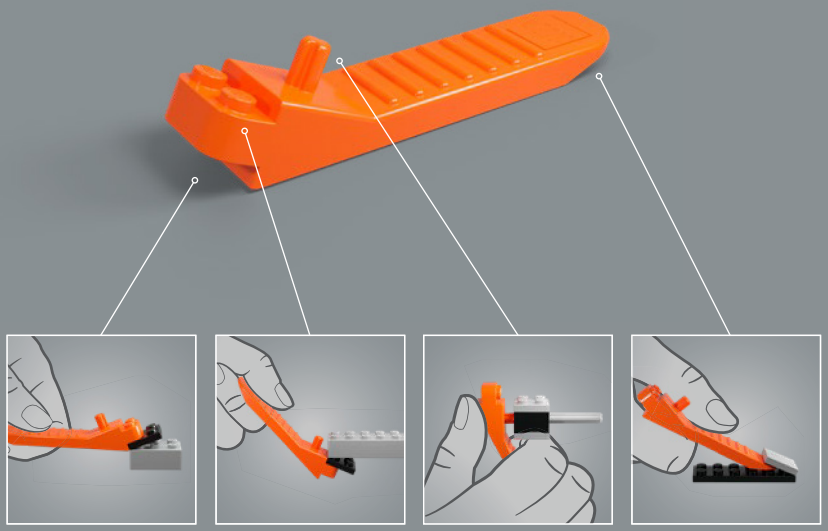

Uno de los mayores desafíos fue diseñar las opciones para las poses (de pie y sentado), así como darle al modelo un margen de movimiento suficiente para reflejar la simpática personalidad de Gizmo. Sus brazos y dedos son articulados, y las muñecas giran hacia adentro. Su cabeza gira a la izquierda y a la derecha, y sus orejas se pueden subir y bajar. Además, si lo construyes de pie, sus piernas se pueden girar ligeramente. ¡Pero ningún set LEGO® Ideas estaría completo sin algunas sorpresas! Un elemento piramidal rosa 1x1 integrado en el pecho de Gizmo (donde imaginamos que estaría su corazón) es un homenaje para la hija de Fuma, a quien le encantan los elementos LEGO transparentes. También incluimos unos lentes 3D construidos con bricks y una *salpicada* de agua que puedes colocar en la parte posterior del modelo. Dicho todo lo anterior, creemos que estás listo para empezar a construir.
